

FAITHLIFE EQUIP – ACCOUNT CREATION

This procedure outlines how to create an individual account under Immanuel’s Faithlife Equip subscription. It provides the steps following the request for a Faithlife User ID (which is an email address) invitation from Bob Hartman. If you have not done so, please request this from Bob Hartman at hartman@ibc.church. Please provide the email under which you would like an account. NOTE: If you are current Logos Bible Software user, you should provide the email identified with your existing Logos account.

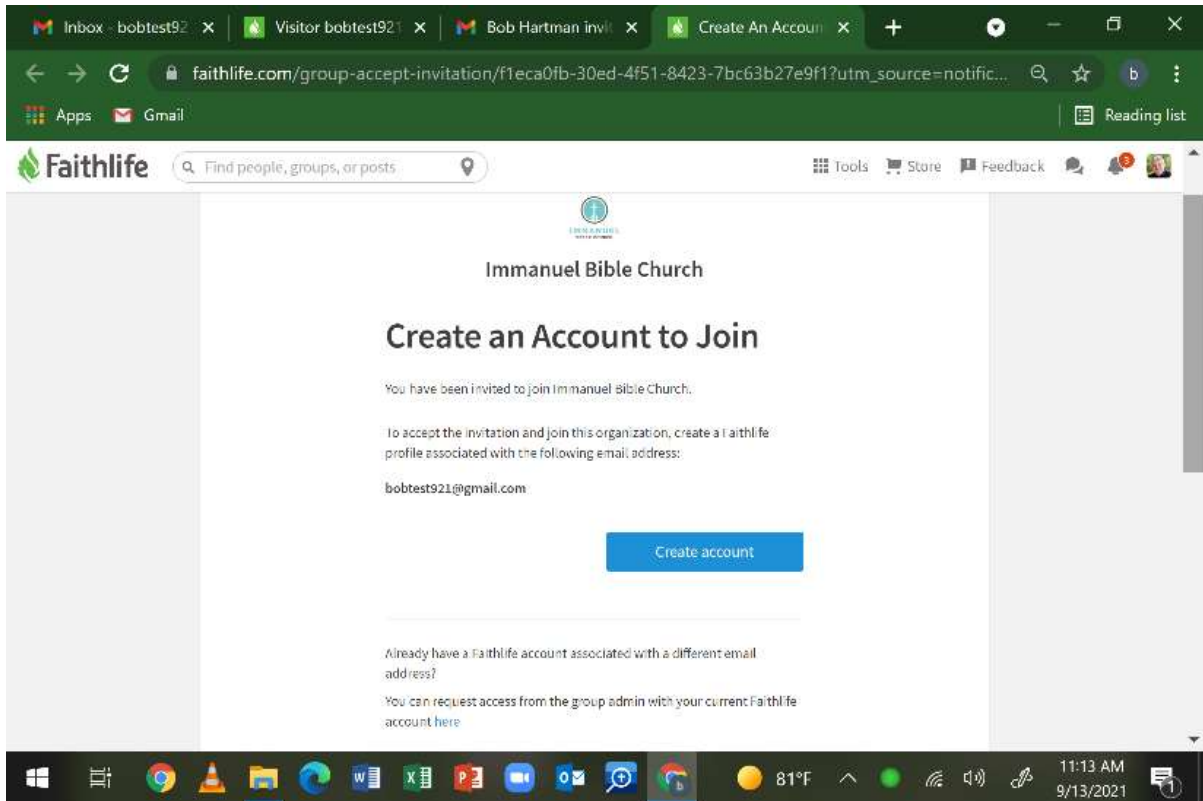

1. **Receive an invitation.** After you request an invitation, I will send it as the administrator of the Faithlife Equip Group “Immanuel Bible Church.” You should receive an email looking like this:

CLICK on the Button/ Box which says “Join Group.”

2. **Create an Account.** Clicking on the “Join Group” button should take you to the Faithlife.com webpage, where you will create an account. **Click on the Button/ Box that says “Create Account.”**

- 6. Select Your Version.** Select the appropriate version of Logos Bible Software. Follow the instructions to download it to your computer. Note that it will download the app plus about 400 resources to your computer. This will take some time. Note that Logos is powerful software, indexing every resource to cross reference, which is why it searches so quickly. It will consume several GB of hard drive space.
